As per the syllabus of University of North Bengal, a household survey on the “Socio-Economic Status” of **Gitdabling Gram Panchayat** was conducted with the students of CBCS 4th semester Honours and 6th semester Program on 05.04.2023. The Field survey was mainly conducted to study and understand the socio-economic condition of the place. The survey was conducted using a semi-structured questionnaire consisting of questions relating to the basic details of the place to economic and social status of the respondents, to sanitary and health conditions. The Survey also helped the students to understand the different facets of the development of the place as well as the problems of the respondents and the place. A total of 3 teachers and 38 students took part in the survey where 100 households were surveyed.
